# Auditor's Report

---

**The Board of Selectmen  
Town of Moultonboro  
Moultonboro, New Hampshire**

We have examined the combined balance sheet of the general fund, capital reserve fund and Federal revenue sharing trust fund and statement of long-term indebtedness (exclusive of the Moultonboro School District) as at December 31, 1977, together with the applicable statement of budget performance and changes in fund balances for the year ended December 31, 1977. We have examined the statement of revenue, expenditures, encumbrances and fund balance of the revenue sharing fund for the year ended December 31, 1977 and the report of the trust funds of the Town of Moultonboro as at December 31, 1977. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The combined balance sheet is in accord with the statement format required for submission by the Town to the Department of Revenue Administration, Municipal Services Division of the State of New Hampshire, and properly reflects the segregation of the various fund balances. Although local communities in New Hampshire have not been required to accumulate general government capital expenditures over the years and reflect such costs in financial reports, recent pronouncements have encouraged the adoption of such accountability in accordance with generally accepted accounting principles.

In our opinion, the accompanying combined balance sheet of the funds stated above, together with the applicable statements of budget performance and changes in fund balances, present fairly the financial position of the Town of Moultonboro as at December 31, 1977 and the results of its operations and changes in fund balances for the year then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

# Librarian's Report

---

The year 1977 has seen an increase in use of the Moultonboro Library. I find that donors, recipients and town report readers are interested in the list of memorial books. A perpetual record is kept and donors are thanked and relatives notified of the gifts. This years list includes F. Stanley Hayden by Mr. & Mrs. John Hayden; Wilfred Wakefield by Mr. & Mrs. Henry Wakefield and Mr. & Mrs. Lloyd George; Francis Burton by Mr. & Mrs. Harrison Fisk; Jeanne Koester; Mr. & Mrs. Howard Sauer; John R. Taylor; Martha Hanson; Mr. & Mrs. Robert Scofield and Mr. & Mrs. Grant Powers; Jessie Thompson by Mr. & Mrs. George Parsons; Pythian Sisters, Knights of Pythias; Mr. & Mrs. Eugene Manville and Mr. & Mrs. Nelson Lambert; Ellen Huston by Knights of Pythias; Louise Wall by Mr. & Mrs. Reginald Maxwell and Historical Society; Charles Goss by Historical Society; Antoinette Gorenflo by Mrs. Clarence Frye; Mrs. Margaret A. Reigle by Mrs. Edgar Brown; Abzena Maloney by Mr. & Mrs. Leonard Plaisted and Forrest Thompson by Mrs. Forrest Thompson.

Books are added and properly marked when purchased from the permanent funds. The permanent funds are Martha H. French, George French, Capt. Steven W. Martin, June F. Visser and George H. Richards. As years go on it would be good to have more funds established. There is no finer way of making a memorial that will go on forever.

This year 201 gift books were added to the library inventory and were valued at more the \$2,500.00.

An advantage of the State Library services had been taken this year. Record players and cassettes are loaned to the handicapped and the users from Moultonboro are very happy with the books and magazines that are sent them.

Films are borrowed for organizations use from the State Library. If organizations would like to make use of them, the library should be contacted.

Although the library has no formal Friends of the Library, there are many friends which volunteer and help in many ways.

The library circulations are as follows:

Circulation	1977	1976
Fiction	7521	7211
Non-Fiction	6165	5420
Juvenile	5069	4385
Magazines	1606	1476
Records	666	821
Total	21,027	19,313

In order to meet State Library standards for the Statewide Library

Development Program the Library hours have been increased this year. They are now: Monday, Wednesday & Saturday - 1:30 - 5:00 p.m. and 6:30 - 8:00 p.m.

# Moultonboro Visiting Nurse Service

## Report of Board of Directors

---

### Annual Report - 1977

The Moultonboro Visiting Nurse Service has completed six years of service and continues to have Mrs. Marguerite King, R.N., heading our staff in the office. Mrs. King, along with our part time nurse Mrs. Collette Foss are busy visiting our sick, elderly, and mental health patients along with running Health Screening Clinics, etc. This year 1415 patient visits were made.

The Nursing Service is still run on a part-time basis, Monday thru Friday, 8 a.m. to 12 noon. The nurse is in her office from 8 to 8:30 and from 11:30 to noon, to take telephone calls and pre-arrange visits. Many patients come to the office during this time for free blood-pressure checkups, etc.

This past fall, the Board of Directors accepted with reluctance, the resignation of Mrs. Vicki Holland our part-time nurse. Mrs. Holland is the new school nurse here in town, we wish her much success in her new job and know that she will be missed greatly by all of our patients.

Our Nursing Service is very fortunate in having Mrs. Collette Foss as our new replacement nurse. Mrs. Foss has already endeared herself to our patients and we are thankful to have her on our staff.

Mrs. Sara Richardson is our secretary in the Nurse's office, working Tuesday & Thursday mornings. Anyone interested in contacting our Visiting Nurse, or in obtaining any information is welcome to call Mrs. Richardson at any time during these two days.

The following is the current list of the Board of Directors of the Moultonboro Visiting Nurse Service:

Mrs. Rae Marie Davis, Chairman  
Mrs. Sara Richardson, Treasurer  
Mrs. Frances Scalera, Chairman Medical Advisory Board  
Mr. Charles Wettergreen, Publicity Chairman  
Mrs. Paula Smart, Secretary  
Dr. Aleksander Ratsep, Medical Advisor  
Mrs. Margaret Lamprey  
Mrs. Dorothy W. Davis  
Mrs. Gertrude Stockbower  
Mr. William H. Blackadar, Selectman  
Mr. Martin R. Clifford, Selectman  
Mr. Harold E. Martin, Selectman

Mrs. Velma Hodgkins is our community at large member, serving on our Medical Advisory Board which meets once a month. Velma has been

involved with our organization from the beginning, helping to write the by-laws, etc.

It is because many people in our town give much of their time and effort that we have such a fine service to offer to the people of Moultonboro. We also want to remember the Lions Club who have been such a big help to us and all other organizations in town who continually give their support to our many projects.

Last year the Moultonboro Visiting Nurse Service started a trust fund, which we hope will grow and will one day be able to support our organization without tax dollars being involved. We have been pleased with the support so many of our townspeople have given us, and the many Memorial gifts given this past year. By the end of December, 1977 we had \$1,000.00 in this fund. Please continue to support this important fund.

Respectfully submitted,  
Mrs. Rae Marie Davis  
Chairman

# **Moultonborough Visiting Nurse Service**

## **Annual Report**

---

1977

We are now in the seventh year of nursing service to the Town of Moultonborough. Our hours are 8 a.m. to Noon daily. With the continued increase of referrals from physicians, hospitals and family members, we had 1415 house and office visits covering 120 individuals. In addition, there were consultations and conferences with doctors, nurses, social workers and other agencies in the county and state.

The Continuing Education Courses attended this year were, "Teaching Self Breast Exam" at Laconia, "Drugs and Interactions" at Concord and "Nursing Care Plan" at Concord.

Once again, I wish to thank all cooperating physicians as well as the Board of Directors and the Medical Advisory Board of the Nursing Service for their continuing help and assistance. We also appreciate the contributions of medical supplies and equipment from various individuals, The Lions Club and the Red Cross, and also all who have helped in transporting special equipment to and from patients homes.

At this time I would like to thank Vicki Holland, R.N. for the time that she spent on our staff. We wish her much success in her new position as school nurse. Collette Foss, R.N. is now our replacement nurse.

Please feel free to call our service if we can be of any help. Preventive medicine is the best medicine. Come in and have your blood pressure checked periodically.

Respectfully Submitted,  
(Mrs.) Marguerite T. King, R.N.

The Police Department did not purchase a full size car as in past years. The purchase price was less, but it is considerably lighter and generally does not perform as well as the larger cruisers. It is debatable whether the cost difference is worth it over a three year period.

This year there was a larger increase in the number of drunk driving arrests. This I believe has contributed to fewer serious accidents. Drug

use is a big problem as in the past. There has been more drug related arrests this year also. Burglaries and thefts have decreased somewhat. I am pleased with the improvement.

A phone has been installed at Troop E for our department. This will be manned 24 hours a day and will relieve the officers home phones. I hope this will simplify finding an officer and improve our services. We appreciate this service offered by the State Police.

Cost of Liability insurance for the officers has greatly increased this year, but is a very necessary expenditure due to the currently popular tendency to sue at the slightest pretext. Our police would not like to work without this personal protection.

Douglass Lowrey has completed the Police Academy as well as a course in police photography. Lowrey was also certified as a breathalyzer operator. This year another officer will be certified. The N.H. Police Standards and Training Council provides excellent courses which allows us a good opportunity to be better trained.

I wish to thank the community for it's support over the year. Without it we cannot be effective. Mutual cooperation between State Police, Fish and Game, the Sheriff's Department and other local agencies has been excellent as in the past. This allows us all to do a better job and is most appreciated.

Respectfully submitted,  
Leonard M. Smart

# Report of District Fire Chief and Town Forest Fire Warden

---

## Moultonboro

Forest fire control in New Hampshire is a joint state and town-city responsibility (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town-city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town-city and state sharing the cost. Suppression costs in excess of  $\frac{1}{4}$  of 1 percent of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns-cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

# Solid Waste Committee Report

## **"THE DUMP IS CLOSED - WHAT WILL YOU DO NOW?"**

---

At the direction of the Board of Selectmen on January 12th, 1978, the undersigned took up the task of assessing the life of Moultonborough's "dump." A review of Paul L. Bishop's *Sanitary Landfill Operating Plan* dated April 20, 1973, and an inspection of the actual site brought the Committee to the belief that:

1. An updated survey of the "dump" site is in order to more accurately assess the life of our "dump." (after the snow melts).
2. Operational procedures must be upgraded to maximize the health and safety of the community - insuring that our ground and surface waters as well as the life of the "dump" are safeguarded.
3. Better and more economical sources of cover material need to be provided.
4. Current equipment needs to be augmented due to changing methods of landfill, and the approaching obsolescence of the existing equipment.
5. State of New Hampshire requirements need to be understood and agreed on in writing by both the Town and the State.
6. Further, the drainage onto and under the site needs immediate improvement as agreed on with the State.

Based on these findings and on the increase of materials coming into the "dump," the life of this site - using current methods of disposal - is about five years.

Using improved methods of compaction and covering solid waste in cells would double life to 10 plus years.

Using improved methods and recycling cardboard, cans and glass would extend the life to 15 plus years.

The use of incineration and recycling are ways to extend the present site past the year 2000.

It is recommended, therefore, that a committee be delegated and funded with \$2,500 to:

1. Survey the "dump," plotting potential fill and cover material, and staking out revision to the diversion ditches to insure a dry site, free from surface runoff and subsurface contamination.
2. Institute proper methods to insure a sanitary landfill, and continue the inspection and supervision of such methods and procedures.
3. Assess site preparations, minimal building requirements, equipment needs such as loader, bailer and crusher, and rental storage bins needed for a recycling operation. Keep abreast of

developments in similar operations in the area.

4. Set forth an educational program for the community to insure safe and successful operation of recycling which will do much to extend the life of the current site while reducing the cost to the town and the taxpayers.
5. Define financing and scheduling, including equipment life, and such minimal regulations needed to insure an economical and environmentally safe operation.
